1. *Outdoor Smoke & Tobacco Free City Spaces Policy Alternatives.*

Community Services Director Paul Hennon and Parks and Recreation Manager Rich Mueller presented policy alternatives for the Outdoor Smoke and Tobacco Free City Spaces Policy. Manager Mueller shared the background history on the development of the policy. Many types of public involvement were utilized including a survey with 44% of respondents in favor of smoke and tobacco free facilities and an additional 34% in favor with a few stipulations. City advisory committees and community organizations and agencies were approached for their feedback as well. All committees and organizations contacted were in favor of the policy. Direction on policy alternatives including smoke free, tobacco free, location, enforcement, and exceptions were requested of the Council. Next steps include returning with an ordinance for public hearing and adoption. A 90 day implementation period was proposed.

Councilor Truax stated he is not interested in social engineering and thus not in favor of banning smoking. He is unconvinced the City has a problem in this area and will not be voting in favor of the policy.

Councilor Bubenik is in favor of the ban in parks with the exception of citizens being allowed to smoke in their cars. He is not concerned with banning around City owned buildings since these are regulated by the state.

Mayor Ogden stated he is in favor of the proposed tobacco free zone. Council President Beikman concurred.

Councilor Brooksby asked how the policy compared to surrounding cities. Manager Mueller referenced the chart from the last work session. He noted most

surrounding cities have already adopted similar policies.

Councilor Grimes stated she is in favor of a ban in parks but is unsure in regards to the application of the ban to parking lots.

Council directed staff to prepare the ordinance putting a ban in place but leaving specific locations blank where the Council could make that decision at a future meeting date.

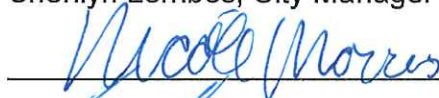

Council Meeting Agenda Review, Communications & Roundtable.
